

The NCI-Frederick Small Animal Imaging Program (SAIP) Lecture Series

In Vivo Small Animal Imaging

- 12/4/2007 *In Vivo Small Animal Imaging: An Overview*
James. L. Tatum, MD, Acting Associate Director
Cancer Imaging Program, DCTD, NCI
- 1/15/2008 *Introduction to Bioluminescence and Fluorescence Imaging in Small Animals*
Peter L. Choyke, MD, Chief
Molecular Imaging Program, CCR, NCI
- 2/5/2008 *Introduction to Radionuclide Imaging in Small Animals (PET and SPECT/CT)*
Joseph D. Kalen, Ph.D., MSHA, Director
NCI-Frederick Small Animal Imaging Program
- 3/4/2008 *Introduction to MRI Imaging in Small Animals*
Ms. Lilia Ileva, M.S., Sr. Research Associate
NCI-Frederick Small Animal Imaging Program
- 4/1/2008 *Introduction to Ultrasound Imaging in Small Animals*
Ms. Lisa Riffle, Research Associate
NCI-Frederick Small Animal Imaging Program
- 5/6/2008 *To Be Determined*
Guest Lecturer

**All lectures are held in Building 549 Auditorium
2:00 – 3:00 PM**
